Selectmen's Report

It is the purpose of this report to bring to your attention some of the most important occurrences of the past year. Because most of these items are well covered in reports of departments or committees in following pages of this Town Report, it seems unnecessary to much more than mention them here.

First, we wish to pay honor to the memory of Charles S. Emerson, who died on October 1, 1952. Mr. Emerson was recognized by everyone as the civic leader of this Town throughout his generation. Because of his enviable record of over sixty years of perfect attendance at Town Meeting, forty of which he served as Moderator, his loss will be keenly felt.

THE TAX RATE

After the appropriations of the School and Town Meetings were known in March, it seemed to be the general opinion that our tax rate for 1952 would exceed that of the previous year. However, upon completion of our appraisal, we were pleased to find that new property had increased the total valuation of the town. This accounts for the fact that even with increased appropriations and Veterans' exemptions, it was possible to leave the tax rate at \$5.30 for another year.

INVENTORY PRINTED THIS YEAR

We call to your attention the fact that this is the year when, by vote of the Town, a copy of property inventory with assessments as of April first is published and one is bound into each of these reports. As you examine them, we wish to remind you that it is not so easy to arrive at an equitable assessment of each item as might at first seem since there are many factors that have to be considered. However, we assure you that each assessment is made after due deliberation and discussion by the entire board, never by one member alone. They are made with a full realization of our responsibility to each taxpayer and we have attempted to perform our duty without prejudice or partiality.

In connection with these published inventories you will note that each item of property has its own number. This number

corresponds with the number of the plot for this property as shown on our town tax or property map. It illustrates the tremendous usefulness of these maps in a proper description and location of each item of property. These maps are also of great assistance to many of our citizens in solving private problems relative to property lines. Data relative to transfers or divisions of property is assembled and filed at our office each year. It is important that it be kept up to date.

OSGOOD POND PURCHASED

By vote of town meeting Osgood Pond was purchased during the year. While the necessity of this purchase may not become apparent immediately, we believe that its importance to the water supply of the town may some day demonstrate the wisdom of its purchase while it was on the market.

STANDPIPE REPAIRED

The standpipe on Prospect Hill has been drained, inspected, scraped, cleaned and painted. It has outlived its predicted life expectancy but still is pronounced useful for more years by competent engineers, provided it is properly cared for periodically.

PLAYGROUND REPORT

A report on the first year of operation of the town swimming pool follows. This was submitted by Miss Thomas, the Director, and tells you of its trial year. Soon after her appointment Miss Thomas set up and presented a suggested program which was adopted and carefully followed. It was designed to incorporate safety, adequate supervision and instruction and with the thought of the happiness of our children during the summer months. No doubt this year's experience will offer some minor needed changes for another season. We hope and believe the taxpayers feel reasonably satisfied with this test program.

PARKING METERS

Parking Meters have been under trial for another year and have proved their worth as a control of the parking problem. We believe they are now generally and favorably accepted by the public.

CIVIL DEFENSE

The Civil Defense program has been continued in an able manner under rather adverse conditions and we wish to commend David Deans, Jr., Director, and his helpers for their untiring efforts. It is difficult to enlist interest when the need is not immediately apparent but who knows if and when the time may come when the preparedness of this organization may be found invaluable.

FIRE SAFETY WEEK

We wish to endorse the efforts of our Firewards during Fire Safety Week. Fire prevention is certainly cheaper and less dangerous than fire fighting so that the elimination of hazardous spots periodically should be encouraged.

UNION SQUARE SURFACING

Probably a word of explanation is in order relative to the hot top surfacing around Union Square. This program was done with the State under the Apportionment "B" plan so-called. It was done in connection with Elm Street and Amherst Street. Asphalt pea stone was supposed to be used for the entire project. Just before the State equipment was to start on Elm Street the entire Board together with Mr. Grasso inspected the same type of job they were doing above Wilton. We all agreed that for the Square this type of surface would not be suitable. Upon investigation we found that with an over-expenditure of about \$350.00 the Square could be completely done if hot top should be substituted for asphalt pea stone. A rather hasty decision was necessary and we decided on the over-expenditure rather than a job which seemed to us would surely prove unsatisfactory. We have heard so many favorable comments with few if any criticisms that we feel we made a wise decision.

CABINET 150 YEARS OLD

During the year our local paper, The Milford Cabinet, has been experiencing the 150th year of its existence. We wish to congratulate the editors for the wonderful record this paper has achieved and to express our thanks for the tremendous influence for good which their paper has exerted in Milford and this vicinity throughout these years.

A SUCCESSFUL YEAR

In conclusion we thank the officers, committees and citizens for all the assistance they have given in making the year 1952 a successful and prosperous one for our town. As we look forward to and plan for 1953, we think that most people like Milford and the advantages and privileges to be found here in a town of this size. For the most part the town's physical assets are in good condition. We urge you to keep them so by supporting the appropriations called for in the budget, all of which have been carefully studied by the budget committee.

IMPORTANCE OF YOUR VOTE

As to the articles in the Warrant we, as a Board, make no recommendations. Probably most of these articles have some merit but we feel that it has been and should be in the hands of you, the voters, in town meeting to make your own choice as to which, if any, new or extended projects you think the town should adopt. As you make your choice, we urge you to remember that every \$1000.00 raised and appropriated affects the tax rate by approximately 2c per \$100.00 of valuation. With this in mind please remember the importance of your vote in Town Meeting.

A. WALLACE WILKINS,
CHARLES P. HAYWARD,
ERNEST J. DURANT,
Board of Selectmen.

REPORT OF THE PLANNING BOARD

There being no request from the Board of Selectmen or directive from the last Town Meeting, the Milford Planning Board has had no activity this year.

However, we stand ready to lend a hand whenever the need arises.

HARRY K. DRAPER, Chairman.

WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Milford in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Milford on Tuesday, the tenth day of March next, at two of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To act upon the reports of all Town Officers, Agents and Committees, and raise and appropriate money relative thereto.
4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, if necessary, as provided by law of 1907.
5. To see what sum of money the Town will vote to raise and appropriate to be used with income if any, for the election and registration expenses, municipal court expenses, public works administration, town hall and other buildings expenses, town officers' expenses, town officers' salaries, civil defense, fire department, hydrant rental, police department, garbage collection, health department, sewer maintenance, town dump, vital statistics, highway maintenance, oiling, snow removal, street lighting, town road aid, Wadleigh Memorial Library, old age assistance, town poor, Memorial Day, parks and playgrounds, cemeteries, information booth, damages and legal expenses, employees' retirement, insurance, police pension, tax map revision, interest on long term notes, interest on temporary loans, sewer correction, sidewalk construction, long term notes, and county taxes.
6. Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of Beano be adopted in this Town.

WARRANT

7. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the Community House.

8. To see if the Town will vote to raise and appropriate the sum of \$115.50 to pay the premium on fire insurance policies written on the Community House coming up for renewal on March 29, 1953, for the term of three years.

9. To see if the Town will vote to remove the Town Dump, which now constitutes both a nuisance and a fire and health hazard, from its present location to a new and more suitable location, or to instruct the Selectmen to take whatever steps are necessary, proper and suitable to properly care for the present Town Dump so as to eliminate the present nuisance, fire and health hazard and unsightliness now existing, and to raise and appropriate the necessary money therefore, or take any action relating thereto. (By Petition.)

10. To see if the Town will vote to raise and appropriate the sum of \$2000.00 for the purpose of installing a six-inch water main on West Street, a distance of 600 feet southerly from Spaulding Street. (By Petition.)

11. To see if the Town will vote to raise and appropriate \$1300.00 to clean and paint the swing bridge over the Souhegan River.

12. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the purpose of repairing Jones' bridge.

13. To see if the Town will vote to raise and appropriate the sum of eighteen thousand dollars (\$18,000.00) to build a new Public Works garage, seventy (70) feet by forty-eight (48) feet with specifications to follow the directions as unanimously recommended in the report of the committee of five, appointed by the Moderator as directed by the March 1952 Town Meeting, and that the Moderator appoint a new committee of seven to consist of the three Selectmen and four citizens to supervise the construction of said building and the committee be authorized to execute any and all contracts or agreements necessary in connection with the construction of said Public Works Garage building. (By request of the Public Works Garage Committee.)

WARRANT

14. To see if the Town will vote to raise and appropriate the sum of \$2800.00 to replace the Ford Dump truck.

15. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to purchase four (4) Scott Air Paks. (By request of the Firewards.)

16. To see if the Town will vote to raise and appropriate the sum of \$15,500.00 to purchase a new triple combination fire truck with a 500 or more gallons per minute pump, 500 gallon water tank, a hose capacity of 1400 feet of 2½-inch and 600 feet of 1½-inch and of standard make. (By request of the Firewards.)

17. To see if the Town will vote to raise and appropriate the sum of \$8327.95 (this is the town's share with the State providing an equal amount) under Apportionment B which is for Class IV roads.

18. To see if the Town will vote to allow the collector of taxes 3% of the amount collected from the State Head Tax as compensation for his services.

19. To see what disposition the Town will vote to make of the Parking Meter Fund.

20. To see if the Town will vote to raise and appropriate the sum of \$5000.00 to construct a sewer on Chestnut and Orchard Streets. (By Petition.)

21. To see if the Town will vote to raise and appropriate the sum of \$3600.00 for the purchase of a small crawler type tractor for the purpose of plowing sidewalks. (By request of Sidewalk Committee.)

22. To see if the Town will vote to raise and appropriate Sixteen thousand five hundred dollars (\$16,500.00) to build a sewer on Nashua Street extending from Linden Street to Francis Lorden's home, also to include 550 feet on Medlyn Street, with a trunk line into the Souhegan River. (By Petition.)

WARRANT

23. To see if the Town will vote to raise and appropriate the sum of \$2200.00 to reconstruct the sidewalk, on the west side of South Street from the square to the railroad tracks. (By petition.)

24. To see if the Town will vote to raise and appropriate the sum of \$6637.00 for the purchase of a tractor type front end loader equipped with gravel bucket, snow bucket and cab.

25. To see if the Town will vote to authorize the Selectmen to grant the use of the Banquet Hall to the Milford School Lunch Program for the purpose of serving school lunches if they deem it advisable. (By Petition.)

26. To see if the Town will authorize the Selectmen to sell and convey to L. Paul Ecklund of said Milford a certain tract or parcel of land situate in the rear and southeast corner of the Library Lot, so-called, said tract or parcel being bounded and described as follows:

“Beginning at a point in the line of land of Nina E. Tucker, formerly of Leon C. Tucker, said point being the Southeast corner of land conveyed to Veva Christian by said Town of Milford in 1951, said point being twenty-five (25) feet Easterly of a stone bound in the line of said former Leon C. Tucker land; Thence North thirteen and five-tenths degrees East (N 13.5° E) along present line of land of Veva Christian Ninety-one (91) feet to the Northeast corner of land of Veva Christian; Thence South Seventy-one and seven hundredths degrees East (S 71.07° E) by line of land retained by the Town of Milford to land of Stephen H. Gilson; Thence Southerly by line of land of said Stephen H. Gilson and land of Benjamin F. Prescott Ninety-one (91) feet to a corner of fences at land of said Benjamin F. Prescott; Thence North Seventy-one and seven hundredths degrees West (N 71.07° W) Seventy-six and six tenths (76.6) feet by line of land of said Benjamin F. Prescott and of said Nina E. Tucker to the point of beginning. Together with the right to pass and repass from said premises to Nashua Street over said land retained by said Town of Milford using the present driveways as now existing and such further extension of said driveways as the Selectmen shall designate.” (By Petition.)

WARRANT

27. To see if the Town will vote to make an exception for the portion of Laurel Street between Olive Street and River-view Street relative to the Town Ordinance requiring forty feet of width for acceptance as a town street.

28. To see if the Town will vote to discontinue as an open highway and make subject to gates and bars a section of road referred to in State Highway records as road No. 80 beginning at the southerly side of the Young Road and proceeding along

the Osgood Road (road No. 80) southerly to the Brookline town line.

29. To see if the Town will vote to raise and appropriate the sum of \$585.00 (1/100th of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

30. To determine what action the Town will take relative to the gift of the Socony Vacuum Oil Company of a plot of land adjacent to the High School property and an easement for highway purposes of land at Union Square.

31. To see what action the Town Meeting will take on the report from the Building Code and Fire Prevention Code Committee. (By request of the Building Code Committee.)

32. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and fifty-three.

A. WALLACE WILKINS,
CHARLES P. HAYWARD,
ERNEST J. DURANT,
Selectmen of Milford.

BUDGET

for the Town

of Milford

Town Auditors

We certify that we have examined the items, accounts, and vouchers of the following Departments for the fiscal year ending December 31, 1952, and, to the best of our knowledge and belief, they are correct: Town Treasurer, Town Clerk, Tax Collector, Public Works, Clerk of Board of Selectmen, Treasurer — Milford Free Library, Clerk of Municipal Court, Overseer of the Poor, Treasurer — Trustee of Trust Funds.

Fire insurance policies on town properties were examined and found to be in force.

Surety Bonds covering the several Town Officers were examined and found to be in force.

The securities in the custody of the Trustees of Trust Funds were examined and found to be in proper order.

PAUL C. RIZZI,
RITA R. OPIE, Auditors.

Report of Playground Supervisor

Marilyn Thomas, *Director*

I herewith submit my report of activity at the swimming pool and playground during the 1952 summer season.

The pool opened July first at 9 a. m. and closed August 26 at 8 p. m. Between those dates a busy program was carried out, offering instruction and enjoyment to Milford youngsters. Rain closed the pool one afternoon in July, and in August we were forced to close on four rainy days and four half days, but the playground continued on the half days.

Attendance records were kept and have been submitted to the selectmen. Names were taken the first few days, and the staff rapidly became acquainted with all the youngsters.

The first week's attendance was the highest of the season, but attendance was generally good in July, perhaps because of continued hot weather. With cooler weather in August, attendance slipped.

Before the opening of the pool for the summer, two of our staff members who had not received their senior life saving badges took the necessary tests on their own time, thus making them more valuable to the program.

POOL REPORT

We passed 41 beginners and non-swimmers into the intermediate class during the season. Others fell just short of it, but are swimmers now. Several intermediates moved up to swimmers. There were 92 youngsters who received training in diving.

Our swimming schedule was strictly followed for the first two weeks, but with continued hot weather, we cut the classes to a half hour in order to let the public in sooner. We then returned to the schedule, and it was changed only for weather reasons or for lack of attendance.

Every week, the pool was raked and cleaned completely by the staff and interested children. The public cooperated in a fine manner to keep the area clean.

During the entire summer, only two children got into diffi-

culty in the water. They were not drowning, but were merely tired and needed help. In my estimation, this is significant. It proves that good rules and regulations, carefully followed and carried out, will prevent serious accidents. It has been our aim to teach the children safety in the water, and we stressed this even more than preparations for saving them, should they get into difficulties.

We had no serious accidents at the playground or pool. Stubbed toes and cuts were about the extent of injuries.

Activities offered daily at the pool included:

1. Beginners' swimming class
2. Intermediates' swimming class
3. Swimmers' class
4. Advanced swimmers' class
5. Diving class
6. Senior Life Saving class

We made several trips during the summer. Silver Lake trips were very popular. All advanced swimmers and divers went several times to the High Diving pool. Our own diving crew went to Manchester and other places to swim and dive. Seven Milford youngsters entered the diving meet at Manchester August 10. We also ran our own diving meet and although our divers are small in number, they put on a great show.

PLAYGROUND REPORT

Our playground attendance was approximately the same as the pool, since the same youngsters came to the area to take advantage of both. With cooler weather, some spent almost all their time at the playground, staying out of the pool. Generally, however, the entire group of children went into the pool at swim time, and the entire staff would be on duty there.

Offered at the playground:

Softball	Road trips	Quoits
Baseball	Roasts	Football
Archery	Hikes	Soap carving
Horseshoes	Volleyball	Field trips
Low organized games	Basketball	Picnics
High organized games	Croquet	Nature walks

Special events:

1. Horseshoe tournament
2. Sand house tournament
3. Field trips
4. Picnics
5. Road trips
6. Softball team, playing in and out of town
7. Marshmallow roast
8. Hikes
9. Diving meet

SUGGESTIONS

To utilize the entire playground and pool area, make full use of equipment, provide the best supervision and instruction, and give the children a happy, worth-while summer, was the aim of the playground staff.

The town may well take pride in its action at last year's town meeting, when the program was given financial support. It is to be hoped that this will continue as the citizens realize what an asset they have here.

This past summer parents could leave their children with the utmost confidence that they would be well supervised. Now that the children and parents have an idea of our program, after a summer's trial, we might hope for a better understanding of finances and schedules next summer.

"Milford is fortunate to have a natural pool kept in such a way," according to Alexander Houston, director of Red Cross water safety in New England. He inspected the pool at my request, and seemed highly impressed with our facilities. He suggested the addition of portable docks and made sketches, which have been turned over to the selectmen. Houston is the highest paid man in the swimming profession, and knows the field thoroughly.

I feel that Senior Life Saving should be stressed next summer. Very few took advantage of it this past season.

It was a good idea to have Milford entries in the Manchester diving meet. This helps the competitive spirit. We hope to continue our own diving training and meet so that our young-

sters will be better prepared for outside meets.

Our check system for the pool seemed to work very well.

I feel our arts and crafts program was left out. We had no money to spend in this field and although the demand for arts and crafts was small, I feel it is important, and could be developed. We need a protected place for such work, and it seems possible that a canvas stretched from four poles would be satisfactory. Some games could even be played under such a canopy.

It would add to the attractiveness of the area if the playground were seeded for grass. If the towns wants to continue this program, it will become essential.

A few pieces of equipment are needed to supplement what we have. We need two sets of quoits, 25 feet of quarter inch rope for the rings, refill items for the first aid kit, and two new archery targets. We would also like see-saws for the playground and tar on the basketball court.

The staff would appreciate some sort of canopy made of canvas over the life-guard post and two chairs for placing about the pool.

We had little trouble with children walking along South street, although there is considerable auto traffic there. Three members of the staff had cars, and they were very good about picking up the youngsters on the way out, and taking them home again in the evening.

I feel there should be a definite rule about checking the pool water during hot weather, and I think once a week is the minimum.

I also feel that the town doctor should be a regular visitor, and his support of our program and endorsement of the pool water, would help convince those parents who are not now sending their children to the playground and pool.

We give a hearty "thank you" to the Public Works for all their fine help. Cooperation among town departments makes for a better program, and a better program is better for our youngsters. And after all it is the youngsters in whom we are most interested.

Total Cash Deposited			\$136.00

Cemeteries

RIVERSIDE CEMETERY:

Two four-grave lots, three eight-grave lots and five single graves were sold in Riverside Cemetery. There is no opportunity for selection and lots are staked out as the demand requires.

A survey has been made and a paper layout started for Section D which is located at the entrance of the cemetery. This section will be restricted to Perpetual Care lots and it is expected that it will be staked out in the early spring.

Regular maintenance was the only work carried on in this cemetery.

OTHER CEMETERIES:

(Union Street, North Yard, Elm Street and West Street)

Maintenance was the only work done in these cemeteries.

GENERAL:

Progress is being made in the improvement of policies and records but much remains to be done. The Advisory Board is rendering valuable assistance in this work.

All the cemeteries were given the minimum amount of maintenance in order to keep within the funds available. At the year's end, it was learned that the income from Perpetual Care funds was about \$1,000.00 greater than had been expected. It was decided to deposit the expected amount with 1952 income and to deposit the remaining balance of \$952.11 in 1953. This can be used for bulldozing, new equipment or other purposes decided upon by the Board of Selectmen, or the 1953 appropriation can be reduced by this amount.

It is recommended that enough money be appropriated to provide sound maintenance and operation of our cemeteries.

The financial report follows:

INCOME:

Appropriation	\$2100 00	
Annual care lots	574 25	
Opening graves	698 65	
Grading lots	354 50	
Perpetual Care interest	1875 00	
Other income	368 47

Emerson Land

This land is located along the bank of the Souhegan River south of the Post Office, and there are no plans for making any improvements.

The sign showing the Monadnock Mountain Range and originally erected by Mr. Charles S. Emerson was damaged during a severe windstorm. This sign was repaired and repainted from this fund, and will be erected in the early Spring.

Equipment

The Milford Public Works is now well provided with major equipment and it is my opinion that there is no need to purchase additional new equipment. An exception to this could be some form of a loader but the needs and types available should be carefully studied before deciding to make such a purchase.

It is expected that the Committee on plowing sidewalks will have a recommendation regarding equipment for this purpose, but this should not be a major item.

The immediate problem is the one of replacement. This has been stressed in previous reports and the trucks have now reached the stage where something should be done. Maintenance of these vehicles is on the increase, which in turn results in less dependability and lower trade-in values. This can result in nothing but lower efficiency and increased expenditures. It would be very good judgment to consider replacing some of these vehicles this year.

The Adams Road Grader has been completely overhauled by the Public Works employees and should render several years of valuable service. The balance of \$1500.00 that remained to be paid on the rental purchase agreement was paid and the grader now belongs to the Town. This machine saw considerable usage (522 hours) during 1952 and there is no doubt that its availability resulted in better service to the Town. A breakdown of these hours shows that this machine was used for snow removal 111 hours, in the Town Road Aid program 81 hours, on the Town roads and streets 243½ hours, and was rented out 86½ hours.

A small, hand operated, yellow line marking machine was purchased from the Parking Meter Funds. This has proven satisfactory and should solve the problem of painting yellow lines. Suitable lettering stencils still remain to be purchased.

The storage of equipment and vehicles still remains a problem and it is hoped that the Committee investigating this will present some solution to alleviate the condition.

Garbage

Mr. Donald K. Holt has the contract for the collection of garbage. On April 1, 1953, this agreement will expire, ending a five-year contract, and a new agreement will have to be made for the collection of garbage after that date.

The financial report follows:

Appropriation	\$825 00
Expenditures	819 75

Unexpended Balance (returned to General Fund)	\$5 25

General

Public Works again served the Town by cooperating in activities beyond its normal scope.

The Civil Defense observation post on King Street was provided with a supply of wood and the Public Works employees cooperated in the Civil Defense program.

With the cooperation of John R. Martin, the loading platform at the rear of the Martin Building on Middle Street was removed from town property, resulting in a wider street and the elimination of a traffic hazard.

The parking meters were serviced and maintained, and a new parking meter was installed in front of Stickney's Store. Yellow parking lines were painted around Union Square, and School Street was widened. To accomplish this a survey and plan had to be made, the land deeded to the Town by the Souhegan National Bank, the old sidewalk torn up, the fence moved back, and a new sidewalk constructed.

Arrangements were made with the State Sign Department to have 25 M. P. H. signs erected at all approaches to Milford. This was accomplished late in the year.

At the Wadleigh Memorial Library the fill over the oil tanks settled a considerable amount. This was corrected by installing drain pipe, adding stable fill and patching the road surface.

New plans were prepared for Farley and Wheeler Streets and used at the hearing which officially laid these out as streets on November 21, 1952.

The swimming pool and playground equipment was installed and maintained.

A small group of elm trees on the North River Road was reported by the State Entomologist to be infected with Dutch Elm Disease. These were immediately removed and destroyed by the State Highway Department Patrol that has jurisdiction of that area.

The Public Works Office made it possible for citizens of Milford to have their Elm Trees sprayed by the Bartlett Tree Company for a nominal fee. This is a very important program because of the increasing spread of Dutch Elm Disease.

On December 1, 1952, Victor J. Maki, who has served the Town faithfully for 11½ years, entered retirement. He is the first Public Works employee to retire with the benefits of the State Retirement System.

A plan showing the Town Barn area was prepared for the Committee investigating and studying the needs for a new highway garage.

The blinker light on Union Square was installed to help the Police Department solve the problem of violations of the required stop on South Street. This light has been stored and out of use for a period of several years.

Budget sheets showing the appropriations and expenditures of the Town Departments were prepared for the use of the Budget Committee.

Highway Maintenance

This is one of the major departments under Public Works. The roads and streets received routine and emergency maintenance. A portion of Madison Street in Pine Valley was rebuilt and several culverts were repaired and installed. The trimming removal and spraying of Town trees was continued.

There was an over-expenditure in this department which can be attributed to the unusually large amount of equipment repairs and maintenance. The Adams Road Grader was completely paid for and late in the year the grader received a major overhauling by the Public Works employees. Ownership of this grader has also tended to increase the amount of income to this department.

It is recommended that sufficient money be appropriated for the continuance of a sound maintenance and street rebuilding program.

The financial report follows:

INCOME:

Appropriation	\$15,000 00
Income	4,811 73
Total available	----- \$19,840 19

EXPENDITURES:

Labor	\$11,643 56
Other expenses	8,470 67
Total expenditures	----- 20,114 23

Over Expended	\$302 50

Information Booth

The Information Booth on Union Square, formerly operated by the Civic Club, was taken over by the Town at the 1952 Town Meeting and its operation and maintenance were placed under Public Works.

Carroll Robinson was in charge of this booth, which operated from July 1st until Labor Day. 7759 persons representing cars and people from 38 states, and 49 cars with 144 people from Canada were served.

The State Planning and Development Commission provided literature and the Monadnock Region assisted with cash in addition to literature.

It is recommended that the operation of this booth be continued and the necessary appropriation be made.

The financial report follows:

INCOME:

Appropriation	\$250 00	
Income (Monadnock Region)	50 00	
Total available	-----	\$300 00

EXPENDITURES:

Labor	\$200 00	
Other expenses	50 75	
Total expenditures	-----	250 75

Unexpended balance (returned to General Fund)		\$49 25

Oiling

The following roads and streets were treated:

NEW WORK:

1. Foster Road — The hill between Colburn Road and Federal Hill was surface treated.
2. Madison Street — Surface treated from Pine Valley Street to Maple Street.
3. Ash Street — Surface treated its entire length.
4. Federal Hill Road — Rebuilt and surfaced with asphalt mix by the N. H. Department of Public Works and Highways under Town Road Aid, from the Kakas property to a point immediately south of the Frost property.

RESURFACING:

The following roads were given one application of oil as a seal coat:

1. Oak Street — Entire length.
2. Hollis Street — Entire length under Hitchiner Road appropriation.
3. Powers Street — Entire length under Powers Street appropriation.
4. Jennison Road — Carter's to the Mont Vernon line.
5. Maple Street (Pine Valley) — Madison Street to Town line.
6. Medlyn Street — Entire length.
7. Prospect Street — From Parker's to the end of the street.
8. Charles Street — Entire length.
9. Phelan Road — Entire length.
10. Melendy Road — About .1 miles in front of Noon property.

MAINTENANCE:

The following roads were given one application of oil in keeping with good maintenance.

1. Madison Street — from Maple Street north.
2. Summer Street — Entire length.
3. Savage Road — Old Wilton Road to Phelan Road.
4. Federal Hill Road — From the end of the reconstruction to the four corners.
5. Marshall Street — Entire length.
6. Pleasant Street — Entire length.
7. Garden Street — Entire length.
8. Nashua Street — Railroad crossing to the compact line at Ponemah Hill Road.
9. Burns Road — The hill portion.
10. Crosby Street — The entire length.
11. Adams Street — Summer to Myrtle Street.
12. Vine Street — Entire length.

NEXT YEAR:

The following roads and streets must receive at least one application of oil as a seal coat in order to complete their treatment:

1. Foster Road — The hill between Colburn Road and Federal Hill Road.
2. Madison Street — Pine Valley Street to Maple Street.
3. Ash Street — Entire length.
4. Federal Hill Road — Reconstructed portion in addition to seal coat; it should receive sufficient oil for a honing to smooth the surface.

The selection of additional roads and streets to be treated can be made by the Board of Selectmen and the Public Works Superintendent.

Enough money should be appropriated to continue the oiling program.

The financial report follows:

APPROPRIATION		\$7,000 00
EXPENDITURES:		
Labor	\$1,534 04	
Other expenses	4,347 29	
Total expenditures	-----	5,881 33

Unexpended balance (returned to General Fund)		\$1,118 67

Sidewalks

A new sidewalk was constructed on the east side of Union Street from the railroad crossing to Lincoln Street and on the south side of Elm Street from Holbrook's to West Street. A curbing was installed on the east side of School Street along the Prestipino property.

Existing sidewalks were patched and maintained and several hundred feet of curbing were added to our stock pile through the generosity of the Catholic Church. We were allowed to keep all of the curbing that we removed from the Catholic Cemetery.

The program of reconstructing and adding new sidewalks should be continued each year.

The financial report follows:

APPROPRIATION	\$2,500 00	
EXPENDITURES:		
Labor	\$682 72	
Other expenses	836 21	
Total expenditures	-----	1,518 93
Unexpended balance (returned to General Fund)		\$981 07

Town Road Aid

Chapter 83, Laws of 1951, provide for Class IV and Class V Construction, Reconstruction or Betterment Aid. This has been more familiarly known as Town Road Aid. Class V Roads come under the subdivision known as Apportionment A and Class IV Roads under Apportionment B. The Town of Milford took advantage of both of these programs as follows:

APPORTIONMENT A:

This fund is available for the Class V Roads which are located outside of the compact area of the Town. Federal Hill Road from the Kakas property to the Frost property was reconstructed and resurfaced by employees of Division 8 of the New Hampshire Department of Public Works and Highways, and a small portion of Osgood Road, the hill beyond Holland's, was widened and gravelled.

The improvement of our Class V Highways under this program should be continued.

The financial report follows:

INCOME:

Appropriation (Town)	\$ 776 28	
State share	5,175 18	
Total available	-----	\$5,951 46
Total expenditures Town and State		5,954 24

Over Expended		* \$2 78

* Over expenditure paid from Highway Maintenance

APPORTIONMENT B:

This is the first year that Milford has taken advantage of this program. Briefly, this fund is for the improvement of State Routes (Class IV Roads) passing through town, and the amount of money is based on the number of miles of such roads. Milford has 4.83 miles, resulting in a fund of \$4,830.00 available from the State each year and used only when matched dollar for dollar in full by the Town. The \$7,000 appropriation of 1952 was taking advantage of accumulated funds. We have since been informed that the amount must be raised in full.

The 1952 plans for this fund were to cover Union Square, Elm Street and Amherst Street with peastone and asphalt. After looking over some of the completed work, the Board of Selectmen decided against this type of pavement in Union Square and changed to hot asphalt concrete pavement. The change to hot top in Union Square resulted in an over-expenditure of the appropriation but the resulting surface proved to be far more satisfactory than peastone and asphalt which gave considerable trouble with stripping and required substantial maintenance.

The improvement of our Class IV roads under this program should be continued.

The financial report follows:

APPROPRIATION	\$7,000 00
INCOME (maintenance of asphalt peastone)	923 63
Total available	----- \$7,923 63
TOTAL EXPENDITURES	8,285 55

Over expended	\$361 92

Snow Removal

Despite the open winter during the latter part of 1952 this appropriation ended with an over-expenditure. The early portion of 1952 was very snowy and at Town Meeting time \$9,193 had been spent, an amount larger than the average appropriation of

about \$8,000. Indications pointed to an over-expenditure even though the appropriation was increased to \$10,500.

In July \$1,800.00 was spent for our usual supply of salt and at the year's end this supply remained intact. Included among these expenditures were a supply of cutting edges for the snow plows, repairs to equipment, truck chains and the erection of snow fence. Early in 1952 one of the small Vee plows was traded for a new blade plow for the Ford dump truck.

Snow removal operations continued to be conducted efficiently and as economically as possible. Snow was carried away from Union Square and around the parking meters. Chase's Payloader was used for this purpose and though it is slow compared to a snow loader it does seem to suit our requirements.

Early in 1952 a snow loader was demonstrated on Union Square. It loaded trucks very rapidly and many people had the opportunity to see this equipment work. In my opinion the owning of such a piece of equipment is very questionable for a town the size of ours.

The sidewalks still remain a major problem and your Superintendent is anxiously awaiting the recommendations of the Committee studying this problem.

Because of the impossibility of predicting the severeness of the winter it seems best to recommend that the average appropriation be made because snow plowing and salting operations must continue when the necessity arises.

The financial report follows:

INCOME:

Appropriation	\$10,500 00
Income	154 82
Total available	----- \$10,654 82

EXPENDITURES:

Labor	\$4,646 57
Other expenses	9,457 82
Total expenditures	----- 14,104 39

Over expended	\$3,449 57
---------------	------------

Parks and Playgrounds

This phase of the Public Works activities was confined to regular maintenance, the largest items being trimming and spraying trees, feeding the trees on the Common, and mowing grass.

As suggested in previous reports, the upper level of Endicott Park should be improved by levelling and covering the area with loam. Such treatment would render the area more suitable for athletic activities and increase the possibilities of developing a successful skating rink.

The appropriation should be sufficient to provide good maintenance and some improvements.

INCOME:

Appropriation	\$1,800 00
---------------	------------

EXPENDITURES:

Labor	\$405 82
Other expenses	937 98
Total expenditures	----- 1,343 80

Unexpended balance (returned to General Fund)	\$456 20
---	----------

Public Works Administration

The administration of Public Works continues to operate efficiently. The office is well organized and seems to serve an increasing number of purposes and citizens as the years go by.

The financial report follows:

INCOME:

Appropriation	\$5,775 00
Water Department share	5,775 00
Other income	161 00
Total available	----- \$11,711 00

EXPENDITURES:

Office salaries	\$10,690 16
Other expenses	987 68
Total expenditures	----- 11,677 84

Unexpended balance (returned to General Fund)	\$33 16
---	---------

Sewer Correction

The program of installing needed catch basins and manholes was continued but not as extensively as planned. A new catch basin was installed on Webster Street, and a new manhole was constructed on the end of the Amherst Street sewer main. Several drainage problems were corrected.

The drainage problem on Crosby Street still exists but the Boston and Maine Railroad engineers are working on this problem and we should be able to correct it during the coming year.

It seems that the last Town Meeting made it quite definite that requests for sewer extensions should be brought before the meeting as an Article in the warrant and not as a part of this program. This makes our policy clear-cut and prohibits any sewer extensions being made in between Town Meetings.

A bad drainage problem exists on Cottage Street in the vicinity of the Elm Street Garage and should be corrected under this program.

The financial report follows:

APPROPRIATION		\$1,000 00
EXPENDITURES:		
Labor	\$ 88 55	
Other expenses	477 30	
Total expenditures	-----	565 85

Unexpended balance (returned to General Fund)		\$434 15

Sewer Maintenance

Several sewers were cleaned and stoppages in both main sewer lines and service lines were opened under emergency conditions.

The appropriation should be sufficient to provide good maintenance and to meet emergency conditions.

The financial report follows:

APPROPRIATION		\$1,000 00
EXPENDITURES:		
Labor	\$270 05	
Other expenses	412 15	
Total expenditures	-----	682 20

Unexpended balance (returned to General Fund)		\$317 80

Town Dump

Minor improvements and general cleaning up of the area were continued, and the gravel deposit was stripped of trees, exposing the gravel and sand that is to be used on road work.

Although our dump is easily accessible and conveniently located it does present problems. One of major importance is the trash along the route resulting from the lack of civic pride by patrons of the dump. Trash drops from the vehicles but the violators ignore any responsibility of picking it up. As a result, Mont Vernon Street should be cleaned at regular intervals. It cannot be too strongly emphasized that regular users of the dump and established trash collectors should be required to cover their trucks in making their trips to the dump. The lack of such a regulation and the negligence of our citizens can only result in an increased appropriation for the purpose of cleaning Mont Vernon Street.

It is also true that the dump does not present a pleasing appearance from the road, and it would be well to consider the possibility of some landscaping.

The small over-expenditure in this appropriation resulted from the fire ban that was in effect during the dry season. We were required to keep a man on duty at the dump during this period.

In cooperation with the Fire Department a small water pocket in the area was enlarged, resulting in a suitable water hole.

The financial report follows:

APPROPRIATION		\$350 00
EXPENDITURES:		
Labor	\$340 58	
Equipment	71 00	
Total expenditures	-----	411 58

Over-expenditure		\$61 58

Town Hall and Other Buildings

TOWN HALL:

In addition to the operation and regular maintenance of this building several improvements and emergency repairs were made.

The improvements included the following:

- a. The ceiling of the stage in the Main Hall was replaced.
- b. The Selectmen's Office and Town Clerk's Office were painted.
- c. A new linoleum was installed in the Police Station.
- d. A new floor covering was installed in Darling's Store.
- e. A new judge's bench and witness stand were built for the Courtroom.
- f. Several windows in the Main Hall were weather-stripped.

Emergency repairs were made on the following:

- a. Leaky radiators.
- b. Town clock.
- c. Oil burner.
- d. The Town Hall roof over the Stamp Company.

As stated in previous reports, improvements and repairs will be necessary each year. Two major problems are the replacement of the slate roof which commands a high annual maintenance, and the problem of zone heating for the building.

Late in the year, at the request of the Kenmore Stamp Company, a special Town Meeting voted to lease the Banquet Hall and Kitchen to them as of January 1, 1953. Since that time the

Company has asked to change the effective date to March 1, 1953. The new lease has been drawn and we are expecting to receive the signed copy from the Stamp Company.

OTHER BUILDINGS:

There were no major improvements and very little maintenance on the Town's other buildings. The need for a suitable highway department garage has been stressed in an earlier report and a report of the Committee investigating this situation will be presented at the Town Meeting.

The financial report follows:

INCOME:

Appropriation	\$5,950 00	
Income	4,484 65	
Total available	-----	\$10,434 65

EXPENDITURES:

Labor	\$2,845 51	
Other expenses	7,407 34	
Total expenditures	-----	10,252 85

Unexpended balance (returned to General Fund)		\$181 80
---	--	----------

Town Poor

Of the many cases investigated, eight were granted financial assistance. Four of these cases were supplementary grants, the remaining four became regular cases and were on the rolls at the end of the year.

The financial report follows:

INCOME:

Appropriation	\$4,000 00	
Income — Reimbursements	258 48	
Total available	-----	\$4,258 48

EXPENDITURES:

Administration expense	\$ 505 50	
Relief payments	1,234 39	
Total expenditures	-----	1,739 89

Unexpended balance (returned to General Fund)		\$2,518 59
---	--	------------

Water Department

This department, the largest under Public Works, had an active year with regular maintenance, emergency repairs and some improvements.

During regular hydrant inspection several leaking hydrants were found and repaired. New hydrants were installed on Grove Street, Granite Street and Summer Street.

A guaranteed water main extension 300 feet long was installed on Summit Street to the new Milne house.

The Prospect Hill Standpipe was emptied, sandblasted, and painted, the work being paid for from the operating funds. Many years have elapsed since the last time this was done and it should be checked again in two years. There is no question but what the same procedure should be followed this coming spring with the standpipe on Mayflower Hill.

Increased demand for water has resulted in pumping larger volumes of water than ever before. This has created a serious problem at the pumping station, because the filter rate cannot keep up to these large demands. During periods of heavy demand increasing volumes of water have to by-pass the filter, thus foregoing treatment. Such a procedure cannot be permitted to continue too long and this year's experience has made it quite apparent that an investigation for revamping of the treatment plant should be started immediately. Such a project will require extensive study and a very substantial expenditure.

Osgood Pond with its land, dam and water rights was purchased for the Water Department by the Town. This is a valuable addition because it makes better control of the water supply possible.

Late in the year the Water Department lost a faithful employee when Alex Provencal died suddenly with a heart attack.

Many projects and problems remain to be carried out with regular maintenance, and it is recommended that as much as possible be done.

The financial report as filed with the Public Service Commission follows:

Special Activities

CABINET PRESS SIDEWALK

The transaction, with the Socony Vacuum Oil Company, for the land necessary to build this sidewalk was completed well after the start of school. Immediately following the acquisition of the land, the sidewalk was constructed according to plan and has proved a worthwhile project.

The financial report follows:

APPROPRIATION		\$1,000 00
EXPENDITURES:		
Labor	\$288 73	
Other expenses	262 19	
Total expenditures	-----	550 92

Unexpended balance (returned to General Fund)		\$449 08

FARLEY STREET AND TONELLA QUARRY ROAD

The formal laying out of Farley Street and Wheeler Street was completed too late in the year to do any work on these projects. Tonella Quarry Road is still stalemated, having the same status as last year. Since Farley Street and Wheeler Street are now part of our street system it is recommended that this appropriation be earmarked for the improvements necessary.

The financial report follows:

Earmarked Appropriation	\$1,000 00
Expenditures	0 00

Unexpended balance (earmarked)	\$1,000 00

HITCHINER ROAD AND POWERS STREET EXTENSION

These streets needed only to receive a seal coat of oil to complete them, and the 1951 unexpended balances were earmarked for this purpose. The balances were used with the oiling appropriation, thus making the expenditures the exact amounts.

HITCHINER ROAD

Earmarked balance	\$295 72
Expenditures	295 72

Balance	0 00
---------	------

POWERS STREET EXTENSION

Earmarked balance	\$148 53
Expenditures	148 53

Balance	0 00
---------	------

FIRE ESCAPE

In accordance with the recommendations of the State Fire Marshal's office and the local Firewards, the Town voted to erect a fire escape on the east end of the Town Hall Building. The low bidder for this work was the Hussey Manufacturing Company of North Berwick, Maine, who made the installation.

The financial report follows:

Appropriation	\$3,500 00
Expenditures (Hussey Mfg. Co.)	2,403 00

Unexpended balance (returned to General Fund)	\$1,097 00
--	------------

Summary of Public Works Activities 1952

BUILDING INSPECTION: 61 building permits were issued representing an estimated cost of \$143,605.00, which is \$24,880.00 more than in 1951.

CEMETERIES: The work consisted primarily of maintenance.

EMERSON LAND: No improvements were made.

EQUIPMENT: The balance due on the Adams Road Grader was completely paid off.

GARBAGE: The five year contract for the collection of garbage expires on April 1st, 1953, and a new contract will have to be made.

GENERAL: Public Works again served the Town by co-operating in activities beyond its normal scope.

HIGHWAY DEPARTMENT:

Ash Collection: This program was continued and the annual trash collection was made in the Spring.

Highway Maintenance: The roads and streets received routine and emergency maintenance. A portion of Madison Street in Pine Valley was rebuilt and several culverts were repaired and installed. Tree work was continued.

Oiling: Several streets and roads were surfaced and many given applications of oil. These are listed under oiling in the main part of the report.

Sidewalks: New sidewalks were constructed on the east side of Union Street and on the south side of Elm Street. New curbing was installed along the east side of School Street.

Snow Removal: Snow removal was efficient and effective.

Town Road Aid

Apportionment A: A portion of Federal Hill Road was reconstructed and resurfaced, and a little work was done on Osgood Road.

Apportionment B: Amherst Street and Elm Street were resurfaced with asphalt and peastone. Union Square was resurfaced with hot top.

Information Booth: This was successfully operated in Union Square with Carroll Robinson in charge.

PARKS AND PLAYGROUNDS: In addition to regular maintenance the elm trees on the Common were fed.

PUBLIC WORKS ADMINISTRATION: This office operates efficiently.

SEWER CORRECTION: A new manhole and catch basin were installed.

SEWER MAINTENANCE: Regular maintenance was carried on.

TOWN DUMP: Minor improvements and general cleaning up of the area were continued.

TOWN HALL AND OTHER BUILDINGS: Several improvements and emergency repairs were made in addition to normal maintenance.

TOWN POOR: Regular activities were conducted.

WATER DEPARTMENT: A guaranteed water main extension was installed on Summit Street, three new hydrants were installed along with emergency repairs and maintenance of the system.

SPECIAL PUBLIC WORKS ACTIVITIES

CABINET PRESS SIDEWALK: This sidewalk was completed.

FARLEY STREET AND TONELLA QUARRY ROAD: Farley Street and Wheeler Street were formally laid out as Town streets but no improvements have been made as yet.

HITCHINER ROAD AND POWERS STREET EXTENSION: These two streets received the seal coat of oil necessary to complete their treatment.

FIRE ESCAPE: A new fire escape was installed on the east end of the Town Hall Building.

Recommendations

The following recommendations are made for your consideration:

It is recommended:

BUILDING INSPECTION: That this be continued.

EMERSON LAND: That no improvement be made.

EQUIPMENT: That some of our worn equipment be traded for new equipment and no additional equipment be purchased until proper storage facilities are available.

GARBAGE: That garbage continue to be collected under contract.

GENERAL: That Public Works continue to cooperate with activities that are serving in the best interest of the Town.

HIGHWAY DEPARTMENT:

Ash Collection: That this service be continued.

Highway Maintenance: That a sound maintenance program be continued.

Oiling: That this program be continued.

Sidewalks: That additional sidewalks be constructed.

Snow Removal: That the present policy of snow removal be continued.

Town Roads:

Apportionment A: That this be continued.

Apportionment B: That this program be continued and that arrangements be made for \$7,540.00 necessary to bring us up to date.

PARKS AND PLAYGROUNDS: That good maintenance and some improvements be provided.

PUBLIC WORKS ADMINISTRATION: That this continue as in the past but that the Water Department share of this expense be given further study.

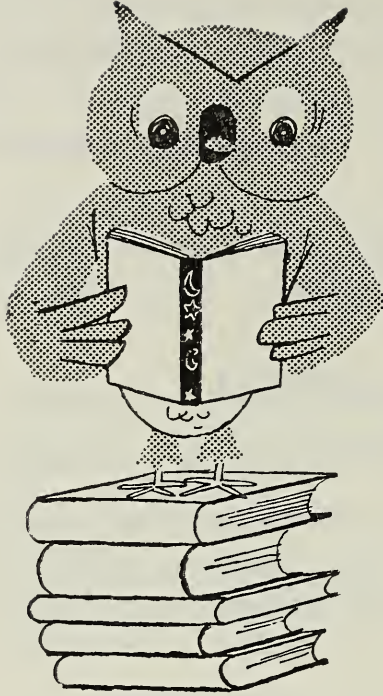

SEWER CORRECTION: That this program be continued.

SEWER MAINTENANCE: That this program be continued.

TOWN HALL AND OTHER BUILDINGS: That enough money be appropriated to provide good maintenance and the improvements desired. That a suitable highway garage be provided.

TOWN POOR: That the program be continued.

WATER DEPARTMENT: That the Mayflower Hill stand-pipe be drained, inspected and painted if necessary. That the pumping station area be fenced. That additional storage space be provided by the erection of a small building. That the capacity of the treatment plant be investigated and action taken toward its correction.

Library

LIBRARY STAFF

Miss Alice E. Ames, Librarian

Miss Ruth D. French, Assistant Librarian

Mrs. Ruth D. Richardson, Second Assistant Librarian

Librarian

The purpose of this report is to acquaint the people of Milford with the services which their library renders to the Town and to show the resources available to all. It is hoped that such a review of library events will serve as encouragement to those who are not aware of these benefits.

This year it is interesting to note that although the adults have not made any great gains in circulation, they have used 484 more non-fiction books than in 1951. This shows a trend

in the right direction and we look for this to continue in the year ahead. This is due, some feel, to interests stimulated by television. If this is true, then television is doing a fine service. The reading of non-fiction, which is consistently good, is strongly encouraged. Children's reading still improves and we are glad to say there is no decrease in the output of good books for children.

In 1952 a total of 538 books was added to the library collection, 28 of which were gifts. Some of these were presented to the library in memory of former Milford people by the following friends and relatives:

In memory of Mrs. G. F. Peavey: Mr. and Mrs. Philip B. Holmes, Mr. and Mrs. Walter Billings, Mrs. Kenneth Tiffin, and the Milford Garden Club.

In memory of Miss Annabell C. Secombe: The Library Staff and the Milford Woman's Club.

In memory of Mrs. Susan Harvey: Miss Margaret Van Engelen.

In memory of Rev. J. Wayne Haskell: Milford Cub Scouts, Pack 4.

Other gifts of books, papers, magazines, etc., were received from Mrs. Frank Plante, Mrs. Andrew Sweeney, Mr. Cecil Stinson, Mr. Winthrop Wood, Mrs. Albert Caldwell, Mr. Philip J. Potter, Mr. and Mrs. Carroll Chase, Miss Elizabeth O. Jones, Mrs. Lester Grant, Mrs. Lucy Cushing, Mr. Lester Foster, Mr. Robert Kelley, The Christian Science Society, and the Emerson family.

This year marked the beginning of a new project in the field of adult education. The library has opened its facilities to a Great Books Group under the leadership of Rev. and Mrs. Clifton Gordon, the Unitarian minister and his wife. This group meets every other Wednesday evening from 7:30 to 9:30. We are happy to be in a position to further this worthwhile movement.

BENJAMIN F. PRESCOTT, *Treasurer.*

Library Trustees

The staff of the William Y. Wadleigh Memorial Library continues to offer the people of Milford its usual efficient and capable services.

There is an increasing demand for the rental of the Library auditorium, as many groups find it a pleasant and convenient place to hold meetings.

We are grateful for the tulip and magnolia trees which were presented to the Library by the late Charles S. Emerson. These trees have been planted on the grounds at the rear of the building.

The deep interest of the late Charles S. Emerson in Milford and in the Wadleigh Memorial Library, will be perpetuated by

means of a fund established by Mr. and Mrs. Sumner B. Emerson in memory of Mr. Emerson's father. The initial gift of approximately \$1,500.00 should take the form of a small trust fund, Mr. and Mrs. Emerson suggest, "the principal to be retained and invested at the discretion of the Trustees of Trust Funds and the income to be used for buying books for the library."

Books are to be selected and purchased by the regular staff of the Library, although the Emerson family may occasionally wish to make suggestions. The books are to be "confined to those that would be classified as non-fiction," Mr. Emerson writes, "with particular emphasis on the fields in which Father was particularly interested, namely American government, American history and biography, and books relating to the State of New Hampshire, to forestry, to floriculture, and to the religious guidance of youth."

Books purchased with this fund will be marked with a bookplate to read: "Given in memory of Charles S. Emerson." The fund could be increased by gifts or bequests from time to time in the future by any member of the family, or members of the family could give particular books, Mr. Emerson has suggested.

The Library Trustees have accepted the Emerson gift with gratitude, and the technical details of setting up the trust are being worked out. It impresses us as a very fitting and gracious gift in memory of a man who always looked on the Library as of utmost value and importance to the community.

We anticipate disbursements of \$10,256.00 in the year 1953, but having an unexpended balance of \$732.37, and certain other income from trust funds, etc., we recommend that the sum of \$7,648.63 be appropriated by the town for operation of the Library in 1953.

Respectfully submitted,

WILLIAM B. ROTCH,
BENJAMIN F. PRESCOTT,
MURIEL B. YOUNG.

Police Department

I am pleased to report that we have had no fatal motor vehicle accidents this past year; twenty of the accidents reported did have personal injuries.

The two-way Police Radio which was installed in the Milford Police cruiser by the State Police radio technicians has proved to be a valuable asset on many occasions.

The student traffic patrols at both schools are doing a fine protective work. I want to thank them and their teachers who cooperate with us at all times.

The auxiliary police have rendered valuable service on many occasions during the past year, and Auxiliary Chief Angelo Bernasconi and his men deserve the thanks of all of us.

In conclusion, I wish to thank the Honorable Board of Selectmen, the presiding Justice and Associate Justice of the Milford Municipal Court for the aid and cooperation they have given me this past year.

I am also grateful to the Fire Chief and members of the Department for the assistance they have given me and the Police Department.

I wish to express my gratitude also to other town officials for their help throughout the year.

Once again I wish to mention the splendid cooperation of the State Police with this department, and the generous assistance given by the two state officers living in Milford.

OLIVER G. WILLIAMSON.

Fire Department

The department answered 82 calls during 1952, of which 22 were bell alarms, 7 were brush fire alarms, and 53 were still alarms.

Service Record:

Grass and Brush Fires	15
Chimney Fires	12
Automobile Fires	10
Building Fires	9
Dump Fires	7
Oil Burner Fires	5
Needless Alarms	5
False Alarms	5
Rescue and Emergency Calls	5
Mutual Aid Calls	4
Smoke and Fire Investigation	3
Tar Kettles, etc.	2

82

Fire Loss and Other Details:

No. of hours Department was in service	77:27
Fire loss (approximate)	\$41,150.00
Brush Fire loss	Less than two acres
Fire Loss covered by insurance	\$32,806.80
No. of ft. 2½ inch hose laid	15,700
No. of ft. of ladders raised	713
No. of Company drills during the year	30

Manual Force and Apparatus:

The department consists of 38 regular men divided into three engine companies and one ladder company. In addition we have six paid substitutes being trained with their respective companies to serve as replacements.

Engine No. 1 – 1949 American LaFrance 500 G.P.M. Pumper

Engine No. 2 – 1929 GMC American

LaFrance

500 G.P.M. Pumper

Engine No. 3 – 1940 Dodge

500 G.P.M. Pumper

Ladder No. 1 – 1930 GMC Providence

Combination

150 G.P.M. Pumper

Forest Fires:

We have been very fortunate in having been called in time to prevent spread of fires near our woodlands. It is extremely important to call in any suspicious fire or smoke during the dry or forest fire season. We urge your continued support in aiding us in protecting your woodlands.

Apparatus Room:

Under a special appropriation the room and floor were painted. Many favorable comments on its appearance were received when the voters passed through to the polls located in our day room.

Hydrants:

We would again recommend the location of a hydrant on the southwest corner of the common. We have been rather persistent about this since the 1949 town report, because it necessitates the apparatus going the wrong way of the rotary traffic for any fire located on the south side of the square. We are in hopes that the water main code painting program on the top of each hydrant may soon become a reality.

Alarm System:

Our department electrician reports that all of the boxes have been installed in conduit. One new box was installed at the Williams and Hussey plant on Clinton Street. We feel that the lack of occasional blasts of the whistle each time it rains or

when the wind blows is an evidence of the work and money spent on the system.

Fire Prevention

The highlight of our fire prevention work was the town inspection by the Mountain Field Club. Some forty insurance inspectors spent a full day going over 122 buildings, of which 45 were approved and of those remaining 192 defects were noted. Most of these have been corrected. We feel that this inspection has eliminated many hazards as well as making the public fire minded. We are truly indebted to the Club for its service.

Recommendations

We recommend that the town purchase four Scott Air Paks or self contained breathing devices to assist in the suppression of smoky fires and to aid in rescue work at fires.

We also recommend the replacement of Engine No. 2 which is 23 years old and has failed us at two fires in the past year. We will call to your attention that at the time the department was motorized this engine and the ladder truck were bought in successive years and if we do not intend to replace them in the same order it is necessary to take action on Engine 2 this year.

We suggest purchasing a triple combination 500 or more gallon pumper with a 500 gallon booster tank. It should have a body with a capacity to carry 1400 feet of 2½ inch hose and 600 feet of 1½ inch and all other standard equipment and be of standard make.

Appreciation:

We wish to express our thanks for the splendid cooperation and interest of the personnel of our department who have spent many hours training and fighting fires. We want to mention that the three largest fires, namely Riccitelli's, Latchis Theatre and the Cox Rest Home, called for action and knowledge you would expect to receive only from a permanent department.

The police protection received at fires has been increased and is greatly appreciated. We wish also to extend our thanks to

the Telephone Company, Public Service Company, Public Works, Selectmen's Office, and all others who assisted during the year.

PAUL N. HUTCHINSON,
EDGAR A. NORWOOD,
ROBERT H. SEAVEY,
Board of Firewards.

Civil Defense

I herewith submit my second report as Local Civilian Defense Director.

Our organization, for the most part, continues to function in a creditable manner. We had three full scale test alerts in 1952 — two pre-planned and one a surprise. All tests worked out very well, especially the surprise alert. The whole organization went into action in exceedingly remarkable fashion which showed what interest and training can accomplish.

Our biggest problem is not our own part, but to keep the interest of the citizens and to recruit volunteers. This problem has become so acute that the Federal Agency is continually bringing it to public attention by exhibitions, such as was held in Manchester in February, 1952, for three days at the State Armory, which showed all phases of civil defense in elaborate form, and also by radio and television. We in Milford have had the head of the State organization, Admiral Brinkman, in town twice to bring first hand knowledge to our townspeople.

The Air Defense Command attaches a great deal of importance to our Ground Observer Corps. Miss Virginia Benton, the supervisor of this unit, has worked long and hard to organize a 24-hour schedule, and to interest various organizations to furnish volunteers to man this post. She deserves a great deal of thanks and praise for her untiring efforts.

In closing, I wish to thank all who have contributed in any way to the success of our organization. It is only by personal sacrifice and effort that we can be prepared to meet any emergency.

Respectfully,

DAVID DEANS, Jr.,
Local Civil Defense Director.

SPECIAL REPORTS

Parking Meters

As the advisory committee on Parking Meters we are pleased to enter our second annual report.

The Financial Statement indicates meter collections from January 1, 1952 to December 31, 1952 to be \$9853.01, which represents \$853.01 more than we had estimated that it would be.

We have installed one additional meter during the year and have widened the approach to the parking area.

While this year's financial statement speaks for itself we feel that it is of interest to the taxpayers of the Town to point out that since the installation of Parking Meters in July 1951 the total revenue till December 31, 1952 is \$14,831.33.

After payments to the Dual Company of \$6859.76, installing parking areas, improving approaches to the parking areas, maintenance and upkeep of the meters, purchasing line painting equipment and sundry expenses, we have a balance on hand of \$5083.68.

We recommend this balance be used for the following purposes:

1. That we immediately liquidate the balance of our indebtedness to the Dual Company.
2. After all necessary expenses for maintenance, repairs, painting of lines and installing additional meters if found necessary, the balance shall be left in a separate fund until the next annual Town Meeting, at which time we feel that the fund will be of such a substantial amount as to finance a really worthwhile project.

We again wish to commend the Police Department for their efficient cooperation with the committee.

Respectfully submitted,

JOHN PHILBRICK,
L. KEELEY SMITH,
CARL H. HOLLAND,
RAYMOND A. DYER.

Town Garage Committee

Your committee consisting of Harold A. Remick, Harold McBride, Clayton Chase, Robert A. Pease and myself as chairman was appointed by you to work on the following motion:

“It was voted unanimously to instruct the Moderator to appoint a committee of five to investigate and study the need for a new Public Works Garage or other building and if thought needed, to study and report at the next Town Meeting its recommendations as to location, size, type of construction and cost of same and to see how much money the Town will raise and appropriate for the Committee’s expenses in so doing.”

We have met at various times since being appointed to investigate and study the need for this building. We have carefully viewed and studied the present housing of the Town’s equipment and find it most inadequate: one piece of equipment here, another there, in small, more or less tumbled down wooden buildings, heated by stoves, with hardly room enough to get the vehicle inside and shut the doors. They are entirely inadequate, a fire hazard, and necessitate that a great deal of preparation getting the equipment ready for work be done out of doors. Only one of the buildings is long enough to hold a vehicle with a snow plow attached and this only a truly make-shift affair; on the other hand, another costly piece of equipment has only an open shed for housing. To house the Walters Sno-Fiter, the two dump trucks and the grader, three separate so-called buildings are used, two of them with some heat and the third none.

We studied well this present location of the so-called Town Barns, the area at the Pumping Station, and gave considerable consideration to other locations for a proposed Public Works Garage.

We have viewed buildings for similar use in other towns and cities and studied sketches and plans. We have compared the

size and construction of these with the equipment they house in reference to the equipment that Milford has to house.

We have studied costs of these buildings, inquired how they were liked, if they had found anything to be wrong with them, inquired about their heating, height, width, the height and width of doors, and we believe we have picked up a considerable amount of useful knowledge.

We are unanimously in accord that a new building is needed. In reality, one has to pay but a brief visit to the present quarters to arrive at that decision. We are also in full accord that the location of a proposed new building should be between Maple Street and the so-called Walters shed, most of it being in the "Garden Area," and to be so placed that two or more bays may be added if needed in later years.

It is our belief that the building needed at this time should be of a size of seventy (70) feet by forty-eight (48) feet, of cement or cinder block construction, on a concrete foundation, to have a reinforced concrete floor, lally columns supporting steel I beams and purlins, a twenty (20) year bonded roof, heated, boiler room to be of sufficient size for the oil tank and a stand-by room for the men, a toilet, and a small storeroom. This building to have four bays for the storage of vehicles and is of sufficient depth so that each plow can be placed ahead of its truck ready to be installed.

We have considered if the need of this building is such that it should be built now, in the near future, or not at all.

We have considered to quite an extent what other special considerations are coming up or have come up today, also what may come up in the next five years or so, and weighing all these very carefully, it is our unanimous recommendation that the town should build this building in 1953 and vote to do so by appropriating and raising the sum of \$18,000.

Committee on Public Works Garage Building.

W. A. WHIPPLE, *Chairman,*

Building Code Committee

The Building Code Committee appointed following the March, 1951, Town Meeting and the Fire Prevention Code Committee appointed following the March, 1952, Town Meeting submits the following report.

First:

The now existing Building Ordinances, with a few minor changes, adequately cover Milford's needs.

Therefore be it recommended that with minor changes the present Building Code remain in effect.

Second:

There is a dire need for a more extensive Fire Prevention Code. A review of the town's needs for fire safety regulations and a study of existing suitable proposed codes has resulted in the following recommendation:

The Abbreviated Edition of the Model Fire Prevention Code, Edition of 1950, as recommended by the National Board of Fire Underwriters, should be adopted in its entirety.

MARIO INFANTI,
A. WALLACE WILKINS,
PHILIP MERRILL,
LAWRENCE BILLINGS,
ELGIN BURTT.

Fire Truck Replacement Committee

In view of the fact that to render a decision, either favorable or unfavorable, to a program for the replacement of Fire Trucks would affect not only the Fire Department, but every Department of the Town, we feel that we are not yet ready to make a recommendation on this matter.

It is our belief that this committee should be continued for the purpose of further study of such a program.

Sidewalk Plowing Committee

Your committee appointed by the moderator to study the problem of plowing sidewalks, believes that the town should continue to plow sidewalks, but that some mechanical equipment be purchased, so that they could be plowed more quickly and more efficiently.

This winter, we had a chance to see how impossible it is to keep sidewalks clear during a heavy snowstorm with the present horse-drawn equipment.

To overcome this handicap and to help out snow removal crews, we recommend that the town raise and appropriate the sum of \$3600.00 for the purchase of a crawler type tractor and snow plow equipment for the plowing of sidewalks.

We have investigated and found a small tractor capable of plowing the sidewalks. It is highly recommended by the different towns that have one of a similar type.

YOUR COMMITTEE,

Angelo J. Bernasconi, *Chairman*,
Donald Brown,
Harry Draper
Thomas O'Neil, Jr.

Livermore Community Association

The Livermore Community House Association wishes to acknowledge with thanks the receipt of the annual appropriation of the Town of Milford of \$200.00. We decided that it might be of interest to the citizens to know that the actual cost of fuel, lights, water and telephone for the year 1952 was \$905.72. Increasing prices make the maintenance of the house a problem and we bespeak the use of its facilities whenever possible. We need the support of our townspeople.

MARGARET H. HOWISON,
Chairman.

Synopsis of 1952 Town Meeting

MARCH 7, 1952

Total Number of Votes Cast — 1076

The polls were opened at 2 p. m. Reading of the warrant by Moderator, Rodney C. Woodman, at 6 p. m., followed with prayer by Rev. Herbert Brockner, Clergyman of the Congregational Church.

Acting under article 1 of the Town Warrant, the following officers were elected: Town Clerk, Donald C. Bruce; Town Treasurer, Hugo E. Trentini; Selectman for three years, Ernest J. Durant; Library Trustee for three years, William B. Rotch; Trustee of Trust Funds for three years, Archibald A. Murray; Fire Ward for three years, Edgar A. Norwood; Auditors, Robert C. Campbell, Paul C. Rizzi.

Article 2. It was voted to raise and appropriate such sums of money as may be necessary to defray town charges.

Article 3. It was moved and voted that all reports of town officials be accepted as printed.

Article 4. It was moved and voted that the town be authorized to borrow money in anticipation of taxes.

Article 5. The following sums of money were raised and appropriated:

Election and Registration Expense	\$ 560.00
Municipal Court Expenses	1,000.00
Public Works Administration	5,775.00
Town Hall and Other Buildings Expenses	5,950.00
Town Officers' Expenses	6,500.00
Town Officers' Salaries	4,600.00
Fire Department	8,170.77
Hydrant Rental	
(a) Milford Water Department	2,700.00
(b) Wilton Water Works	180.00
Police Department	11,330.00
Civil Defense (\$165.59 earmarked)	334.41
Garbage Collection	825.00
Health Department	750.00
Sewer Maintenance	1,000.00
Town Dump	350.00
Vital Statistics	210.00
Highway Maintenance	15,000.00
Oiling	7,000.00
Snow Removal	10,500.00
Street Lighting	7,430.00
Town Road Aid	776.28
*Libraries (\$6153.96, plus \$500.00)	6,653.96
Old Age Assistance	9,000.00
Town Poor	4,000.00
Memorial Day	400.00
Parks and Playgrounds — Regular	1,800.00
Cemeteries	2,100.00
Damages and Legal Expenses	250.00
Employees' Retirement	3,108.00
Insurance	3,913.84
Police Pension	135.00
Tax Map Revision	250.00
Interest on Long Term Notes — Other than Water	458.72

Interest on Long Term Notes — Water	1,174.25
Interest on Temporary Loans	500.00
*Sewer Correction	1,000.00
Sidewalk Construction	2,500.00
Deficit of Previous Year	7,535.72
Payment on Principal of Debt	
(a) Long Term Notes, Water	4,500.00
(b) Long Term Notes, Other than Water	12,400.00
County Taxes	29,986.43

The following were voted for under special articles:

Monadnock Region	300.00
Community House	200.00
Apportionment "B"	7,000.00
Osgood Pond	2,500.00
Fire Escape	3,500.00
Fire Department — Tires	336.00
Fire Department — Tires and Wheels	647.00
Fire Department — Painting	500.00
Police Cruiser	1,000.00
Police Department Radio	600.00
Information Booth	250.00
Swimming Pool	1,800.00

*Mrs. Annie Deans made amendment and it was seconded, that \$500.00 be added to the Library appropriation. This is to be used as a raise for the librarians and divided proportionately.

*After considerable discussion William Merrill made motion, and it was seconded, to change sewer construction to read sewer correction.

Article 6. On recommendation of the Budget Committee it was voted unanimously that the town continue its usual practice of appropriating \$300.00 for the Monadnock Region Association.

Article 7. It was voted to have Beano: 446 Yes; 305 No.

Article 8. The Budget Committee made recommendation and it was voted unanimously to raise and appropriate the sum of \$200. for the Community House.

Article 9. The Budget Committee made recommendation and it was voted unanimously to raise and appropriate the sum of \$7000.00 for Town Road Aid Apportionment "B".

Article 10. It was voted unanimously to raise and appropriate the sum of \$2,500.00 to purchase Osgood Pond.

Article 11. The Budget Committee recommended, and it was voted unanimously, that \$3,500.00 be raised and appropriated for the purpose of erecting a fire escape on the east end of the Town Hall Building.

Article 12. On recommendation of the Budget Committee it was voted unanimously to raise and appropriate the sum of \$336.00 to replace the tires on Engine No. 2.

Article 13. On recommendation of the Budget Committee, it was voted unanimously to raise and appropriate the sum of \$647.00 to replace the tires and wheels on Engine No. 3.

Article 14. On recommendation of the Budget Committee, it was voted unanimously to raise and appropriate the sum of \$500.00 to paint the apparatus room of the fire station.

Article 15. It was voted unanimously to raise and appropriate the sum of \$1,000.00, on recommendation of the Budget Committee, for the purchase of a new Police Cruiser.

Article 16. Motion made by Joseph Silva to raise and appropriate the sum of \$600.00 to purchase a two-way radio. This was voted unanimously.

Article 17. Mrs. Daisy Stickney, Chairman, Town History Committee gave a report on a new town history. Report accepted with thanks. Voted not to raise and appropriate the sum of \$500.00 for the purpose of preparing a new town history.

Article 18. Voted not to raise and appropriate the sum of \$450. for the purpose of extending the West end of the Olive Street sewer in order to accommodate a new dwelling.

Article 19. By request of the Civic Club, it was voted to raise and appropriate the sum of \$250.00 for the operation of the Information Booth on Union Square.

Article 20. Voted unanimously to instruct the Moderator to appoint a Committee of five to investigate and study the need for a new Public Works Garage. Committee appointed by Moderator:

William A. Whiple, Chairman
Harold A. Remick
Harold McBride
Clayton Chase
Robert A. Pease

Article 21. On recommendation of the Budget Committee, it was voted not to raise and appropriate the sum of \$2500.00 for the purpose of completing the bleachers at Endicott Park.

Article 22. On recommendation of the Budget Committee, it was voted the town accept a gift of its pool, lands, building and equipment from the Milford Swimming Association, and combine the swimming program and the playground program.

Article 23. On recommendation of the Budget Committee, it was voted to raise and appropriate the sum of \$1800.00 to operate the combined program and supervise and maintain the swimming program.

Article 24. On recommendation of the Budget Committee, it was voted not to raise and appropriate as an emergency fund, the sum of \$2000.00 for the purpose of making sewer extensions, water main extensions, etc.

Article 25. It was voted unanimously, on the Budget Committee's recommendation, not to raise and appropriate the sum of \$3500.00 for the purchase of equipment for plowing sidewalks, but that a committee be appointed to study the problems and bring in its recommendations. Committee appointed:

Angelo J. Bernasconi, Chairman
Thomas O'Neil, Jr.
Harry K. Draper
Donald M. Brown

Article 26. Mr. John Philbrick presented the following resolution, and it was voted unanimously.

Whereas: Article 26 of the town warrant asks the town to vote to grant the Board of Selectmen authority to expend the revenue from the parking meters as they deem necessary and in accordance with the State Parking Meter Statute.

Be it Resolved:

That all Meter income after payments for maintenance, painting lines, parking area upkeep and improvements, installation of additional meters if necessary, completion of the widening of School Street from Nashua Street to the parking areas, and payments of our obligations to the Dual Company, shall be allowed to accumulate

in a separate fund until the next annual Town Meeting, at which time recommendations shall be made as to its disposition.

Parking Meter Committee: John Philbrick
L. Keeley Smith
Carl Holland
Raymond A. Dyer

Joseph Silva made a motion and it was voted that the Parking Meter Committee stay in operation for another year.

Article 27. It was voted unanimously on recommendation of the Budget Committee, not to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting.

Article 28. Motion made and voted unanimously that the Firewards be empowered to establish regulations for controlling the storage and handling of explosives and inflammable materials.

Article 29. Motion made and so voted that the Selectmen make decision as to removal of the watering trough from the Oval on Union Square.

Article 30. On recommendation of the Budget Committee, it was voted unanimously not to resume the discount rate of 1% for early payment of taxes.

Article 31. No action taken on this article, as it was voted not to allow a discount for early payment of taxes.

Article 32. Motion made and voted unanimously that the Moderator appoint four persons to work with the three Firewards as a committee of seven, to investigate the advisability of a fire truck replacement program and to bring in a report at the next annual meeting. Committee as follows:

Paul Rizzi, Chairman
Roscoe Coburn
Leo Comolli
Maurice Jewett

Mrs. Eleanor Maynard, President of the P. T. A., made a motion and it was voted unanimously, that the Town of Milford grant to the Milford P. T. A. the free use of the Town Hall for a series of ten dancing lessons, starting March 11, 1952 through May 13, 1952, and for one evening, date to be determined for a party at the end of the series.

Ralph Dunklee presented the following request:

"I am speaking for a group of people in Milford who have appointed me their representative in writing to request the Moderator to appoint a committee of qualified citizens to investigate the problems created by such plants as the Gaidmore Poultry Co., Inc., and to draft for presentation at a recessed Town Meeting, a suitable local ordinance establishing minimum standards of health and nuisance control the purpose of which shall be to compel such plants to abide by reasonable standards of sanitation, traffic obstacles, stream pollution and noxious odors or smells.

"This request is made because there seems to be no statute that has any enforceable effect in this town that protects property owners from the effects of uncontrolled operation of offensive processing plants, or that compels such plants to abide by the same standards that home owners must abide by. An individual keeping large amounts of smelly chicken refuse in their yards would soon be made to clean it up, yet the Gaidmore Poultry Co., Inc., is permitted to operate its plant in a manner and condition that is offensive and dangerous.

"It is not our wish to make it difficult for plants such as the

Gaidmore plant to operate; all we want is that in operating, it doesn't endanger our lives with traffic problems, or clutter up our premises with escaped chickens, or maintain smelly premises."

Motion was made by Ralph Dunklee to have Moderator appoint a committee to investigate the problems created by such plants as the Gaidmore Poultry Co., Inc., and to draft for presentation at a recessed Town Meeting, a suitable local ordinance establishing minimum standards of health and nuisance control the purpose of which shall be to compel such plants to abide by reasonable standards of sanitation, traffic obstacles, stream pollution and noxious odors or smells: This motion was voted unanimously and the committee is as follows:

Ralph W. Dunklee, Chairman
Dr. Norman Jackson
Dr. Homer F. McMurray
Francis Gaidmore
Clarence E. Weymouth

A standing vote was taken pertaining to the removal of snow on Nashua Street for Mr. Fitton:

In Favor	56
Opposed	92

Mario Infanti, Chairman Building Code Committee, presented the following resolution: That a committee be appointed to revise Fire laws and bring in recommendations at next town meeting. It was voted unanimously. The Committee is as follows:

Mario Infanti, Chairman
Lawrence E. Billings
Elgin F. Burt
Philip Merrill
A. Wallace Wilkins

Joseph Silva made motion and it was voted unanimously that the Town Meeting be held in the evening next year.

William Ferguson made motion and it was voted unanimously: Resolved: That the Cub Scouts of Milford, being a non-profit organization for the betterment of our youth, be allowed the free use of the town banquet hall for one night each month.

State of Town ballot announced 10:00 p. m.

Meeting adjourned at 10:02 p. m.

DONALD C. BRUCE,
Town Clerk.

SYNOPSIS OF SPECIAL TOWN MEETING – OCTOBER 9, 1952

The meeting was called to order at 7:35 p. m. by the Moderator, Mr. Rodney C. Woodman.

A letter from Kenmore Stamp Co. requested the use of the banquet hall and the kitchen for a period of nine years starting with January 1, 1953. They would rent just the banquet hall if so voted.

A study of the use of the quarters was made by Mr. Grasso and reported on.

Mr. Grasso made the following motion: That the selectmen be authorized to lease the banquet hall and kitchen in the Town Hall building to the Kenmore Stamp Co. for a period of nine (9) years. Motion was seconded by Mr. Carl Banks and carried by unanimous vote in the affirmative.

Mr. Grasso made the following motion: That the Selectmen be authorized to dispose of the two electric stoves in the banquet

hall kitchen. The above motion was amended by Mr. Mario Infanti as follows: That the Selectmen be authorized to donate one stove to the firemen and to dispose of the other one. The motion was seconded and voted on to be accepted.

Meeting adjourned at 8:00 p. m.

DONALD C. BRUCE,
Town Clerk.

SYNOPSIS OF RECESSED MEETING – OCTOBER 9, 1952

The recessed meeting which was ordered in Town Meeting in March, 1952, to hear report of Committee to investigate and make recommendations relative to an ordinance regulating packing and slaughter houses in Milford.

The Moderator read a report signed by Mr. Ralph Dunklee "for the Committee" and an ordinance for the regulation of packing and processing plants. A report was then read by the Moderator which had been signed by the members of the committee other than Mr. Dunklee. A motion was made by Mr. Harry Draper and seconded by Mr. Carl Banks that the report of the majority of the committee be accepted. A majority vote accepted, passed and adopted the majority committee report, which is as follows:

To the Selectmen of the Town of Milford:

We the undersigned members of the committee to investigate and make recommendations relative to an ordinance regulating packing and slaughter houses in Milford wish to present the following report.

The committee as appointed consisted of Ralph Dunklee, Chairman; Dr. Norman M. Jackson, Dr. H. F. McMurray, Clarence Weymouth and Frank G. Gaidmore.

We have examined the report and suggested ordinance presented by the Chairman who says it is "for the entire committee who have indicated their concurrence herewith." This statement is incorrect for we do not agree with all the findings of the ordinance as set out.

Realizing that there may be a need for an ordinance we recommend:

1. That the report be rejected.
2. That the matter be returned to the Committee for further action but that Mr. Ralph Dunklee and Mr. Frank G. Gaidmore be removed from the committee as they are both directly interested and that the Committee be the three remaining members with a new chairman.

Signed: Norman M. Jackson, M.D.
H. F. McMurray
Frank G. Gaidmore
C. E. Weymouth

Mr. Dunklee made the motion that voting on the above motion be done by ballot. This motion was not carried.

Meeting was adjourned at 8:30 p. m.

DONALD C. BRUCE,
Town Clerk.

SCHOOL BOARD

In September 1951, we were again faced with an increased enrollment. As are other towns, Milford schools are feeling the effect of families moving from urban areas to towns, and the increased population brought in by new business.

We have expanded and co-ordinated our janitorial services by employing another man. With three janitors under the direction of Mr. Randall we expect to be able to take care of all our regular painting and repairing.

The Elementary School roof has been resurfaced and many troublesome leaks taken care of. A boiler inspection has been made, showing no evidence of weakness or other conditions requiring special attention. Rooms and halls have been redecorated where most needed, as time and finances permitted. The Superintendent's former office has been completely redecorated and furnished as a teachers' room. A new floor covering has been installed in the teachers' room at the High School.

We have been happy this year to welcome Mlle. Genevieve Wantiez of France, who was serving as an exchange teacher with Miss Mary Nagle, who has been teaching in France. We feel that pupils and school, as well as the town, have profited much from having her here.

At many of our board meetings this year, we have had teachers from the High and Elementary Schools, teaching comparable subjects, visit with us and tell of their teaching assignments and methods of teaching, their goals and how they attain them, and their desires for the future. Suggestions were also made to the board whereby a better feeling might be promoted between teachers, school officials, and parents.

As we thought these talks were most interesting and instructive we have suggested that several be printed in the local paper. We hope that you have enjoyed them.

We have held thirteen board meetings, two Supervisory Union meetings, met with the P.T.A., Teachers' Association, and the State School Board Association, made many personal inspections of the school properties, and have been available at all times to further education in the Milford schools.

We appreciate the cooperation of the teachers, superintendent and principals. We feel that we have a good unit to provide education for Milford pupils and we again urge you to visit and become better acquainted with your teachers and schools.

MILFORD SCHOOL BOARD.

NOTE

A synopsis of the School District meeting of March, 1952, is included in this school report, and will be found on Page 36.

WARRANT

for the Annual School Meeting

*To the Inhabitants of the School District in the Town of Milford,
qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the seventh day of March 1953, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. (See Nos. 1-19, 25, 26 and 29 of Budget.)

9. To see how much money the district will raise and appropriate for insurance on school property. (See No. 20 of Budget.)

10. To see how much money the district will raise and appropriate for special repairs and alterations of school buildings and grounds, for new equipment, new construction, and furnishings and replacements. (See Nos. 22 and 23 of Budget.)

11. To see if the district will authorize the School Board to enter upon tuition contracts with Amherst and Mont Vernon, the terms to be left to the judgment of said Board.

12. To see if the district will choose a committee of seven citizens to act with the School Board to study the expansion of school facilities, a cooperative school district or other solutions, said committee to present to the next annual meeting its recommendations.

13. To transact any other business that may legally come before said meeting.

Given under our hands at said Milford this 13th day of February, 1953.

OWEN P. FISK,
ANNIE M. DEANS,
DONALD K. McLEOD,
School Board.

Skin Defect	19	3
Anemia	1	

Parents were informed of all the above cases.

Diseases reported:

Chicken Pox	40	Pediculosis	17
Measles	67	Impetigo	4
Whooping Cough	2	Scabies	4
Mumps	1	Ringworm	3

ADMINISTRATION

Superintendent

I present my fourteenth report under three headings which follow. Elsewhere statistics comprise our report.

A. INSTRUCTION

As a list of teachers appears on another page, I will not repeat them here. Since the last report, the following changes have taken place:

<i>Teacher Leaving</i>	<i>Replacement Teacher</i>
Dorothy Keniston	Barbara Grund
Eleanor Kieley	Marjorie McKinney
Marion Young	Virginia B. Doherty
Virginia Doherty	Marion Young
Eben B. Hutton	George H. Corson

In addition to the above, our exchange teacher, Mary Esther Nagle, returned from her year in France and Mlle. Wantiez returned to France. We welcome Miss Nagle back and, likewise, express gratitude to Mlle. Wantiez. The exchange was a happy one all around with many mutual benefits to both teachers and to the two republics.

Among the replacements, Misses Grund and McKinney are inexperienced, having graduated last June from Boston University and Plymouth Teachers College respectively. You will note that Mrs. Young gave up her work as Commercial teacher last spring and has recently returned with the resignation of Mrs. Doherty. Early in this school year, we had the unexpected resignation of Mr. Hutton, after more than five years as our able and efficient Principal of the High School. After much negotiating and visiting, Mr. Corson of Andover High School was elected to fill the vacancy.

Retirement also claimed another teacher, Miss Kieley. She retired in June after a long and successful experience as an elementary teacher for 46 years, 42 of them right here in Milford. I hope that she will enjoy the blessings of good health for many years to come as she exchanges her good work and deeds for rest and recreation.

Last year I mentioned the value of workshops. Again I report the one held this last November in Mental Hygiene. After Dr. Philbrook of Concord opened the sessions as the Key-noter, four groups in alternating sessions explored Child Growth and Development, Guidance, The Arts, and Physical Education. On the final day a summary was given from the groups and material of value presented for use in each home room. An evaluation was made by all the teachers assembled, indicating that the results were very worthwhile. The large majority said it was "the best workshop we had held." I echo the values in these larger teachers' meetings, where more and differing ideas can be presented.

A 1951 pamphlet, "Good Schools for Children," states among other items that "The good elementary teacher knows, understands, and likes children and their parents is an educated person with wide interests and a stimulating personality is professionally qualified for teaching has a deep and abiding faith in democratic values knows the community and takes part in its activities continues to grow personally and professionally cooperates with and is loyal to the school authorities is a happy, well-adjusted person really wants to teach."

Since the above might apply to any teacher, elementary or high school, I ask you to consider these points in judging those who teach in your schools.

B. FINANCE

Below I give you the figures to illustrate Per Pupil Costs, exclusive of Capital Outlay, Debt, Transportation and Tuition. These results are for 1951-52.

	<i>Grades 1-8</i>	<i>Grades 9-12</i>
Amherst	\$157.11	\$225.00 in Milford
Brookline	141.14	271.75 in Nashua
	(\$161.94 for 7 & 8 in Nashua)	
Hollis	143.18	309.17
Milford	154.14	245.19
Mont Vernon	164.47	225.00 in Milford
	(\$150.00 for 7 & 8 in Milford)	
State of N. H.	165.00 (estimated)	275.00 (est.)

Tuition charges are based upon these statements. Therefore, they are important for your information.

State Aid was received by all towns in this Union as follows: Amherst \$3,936.13; Brookline \$4,120.74; Hollis \$3,405.02; Milford \$5,245.16; Mont Vernon \$176.42. Next year's aid will be determined by the General Court now in session. Therefore, estimates used in this report may be exceeded or entirely eliminated before next June.

C. NEEDS

1. Art

At last we have an art program under way with the capable leadership and inspiration of Mr. Gerard Doyon of Manchester. The results are so significant and the demands so heavy that we are seeking your budgetary approval to add another day of his time to the program. The work which teachers have done and are still doing is appreciated. They have taken special courses to prepare for art work. Mr. Doyon's efforts have only added to the interest and the effectiveness of the instruction. We need another day's time with all the many classes and groups in Grades 1 through 12 that now have but a day and a half of his services.

2. Home Economics

I am merely repeating myself to say that we need to expand that department. The best solution of the problem is not clear yet.

3. Shop

The apparent demands for shop instruction are on the increase. The time of one instructor will be needed for Cabinet Making in Grade 9 and the six sections of Grades 7 and 8 in Woodworking, one instructor in Machine Work in Grades 10 and 11 and another instructor in Electricity and Automobile Mechanics in Grade 12 and in related work in Grade 11. Therefore, we are asking approval of funds to employ another shop instructor and to make some changes in the shop lay-out. Briefly, the proposal is to clear the basement of the main high school building of existing partitions and install new partitions leading from present stairways to both boys' and girls' toilets, new ceilings and new fluorescent lighting and electrical outlets. This new room would be occupied by the woodworking department and the quarters now occupied by them made available to the other shop departments. With this change we anticipate taking care of more boys in this valuable work, thus meeting the anticipated future demands.

4. Elementary Space

Within another year at the minimum, we will need more space. Already the expected enrollment for September 1953 in Grade I will tax present quarters and teaching time. We hope the expected study or survey of school facilities will, indeed, help in solving the many problems of school space.

5. Redecorating Program

Our plan of using the janitorial staff, under the capable leadership of Mr. Randall, is bearing fruit. We are gradually getting the rooms in an attractive condition and hope to keep them looking better all the time.

6. Gutters

The copper gutters on the High School are way past the period of usefulness. A start in the repair program was made this fall, doing the worst section on the east wing and some of the connecting tubes in other areas. Now we wish to continue the repairs on the front and sides of the main section.

7. Parent-Teacher Relations

Teachers and parents need to understand each other and mutual problems. I believe citizens should visit schools more, as interested in their child's education, for adjustment of children's difficulties, and to inquire into school problems. You may do all three intelligently, or offensively. My advice is to not criticize on one's first visit and then later "with fasting and prayer." Open minds lead to cooperative endeavors. This is only good taste in making our contacts with the school.

I am extremely grateful to the teachers, the Board, and to you citizens for the opportunity to serve. I appreciate all the cooperation we have had in "bringing to pass" a successful school program.

Very respectfully,
HAROLD C. BOWLEY,
Superintendent of Schools.

Milford High School

George S. Corson
Principal

As I assumed the principalship of Milford High School on November 18, 1952, this report will necessarily be written from the information I have had handed to me by various and sundry persons.

However, I would like to make this comment. I found on entering Milford High School an exceptionally well organized, well staffed school that was functioning with but one purpose in mind, an equal educational opportunity for all the youth of Milford.

It is truly gratifying to see the support given the schools of Milford by the citizens, police, merchants, and the various fraternal organizations. It is this kind of support that is the very backbone of any school system.

The normal routine procedure of the school year was carried out diligently by the staff with the usual gratifying results. A large group of seniors was graduated and those pupils going on to school have upheld the tradition of Milford High School by doing excellent post secondary work.

The athletic teams enjoyed fine seasons and reflected the hard work of the various teachers and coaches by their excellent conduct and spirit both on and off the field of play.

This year, except for one period, Mr. LaTourette has been freed of all teaching that he might build up the guidance department. Guidance today is becoming increasingly important and the results are most gratifying. We see these results expressed by the fact that we have fewer drop-outs, fewer disciplinary problems, and in general a more happy student body because, instead of going through school haphazardly they have had expert guidance and counseling and have found for themselves a sense of belonging which is so necessary to people of adolescent age.

On November 24, 25, and 26, the annual teacher workshop was held. The fields for study this year were guidance, physical education, and mental health. The teachers of the union were joined by the many experts from the staff of the State Board of Education to make these three days very informative and instructive.

Other than the ordinary routine of school life the pupils have enjoyed many other educational experiences such as:

- A. Field trips to all kinds of industries and organizations.
- B. Motion pictures and filmstrips available for them to see and hear.
- C. Parties and socials planned and conducted by the various classes and organizations.
- D. A monthly career day planned by the guidance department, this plan being much better than the usual procedure because each pupil has the opportunity to meet with many experts in their field, rather than with just two or three.
- E. The opportunity to study and to participate in public speaking and debating.
- F. Taking part in a very active dramatic group. This group has produced many fine plays in which an unusually large number of pupils have participated. Because of this experience,

many skills are gained which might not otherwise have been acquired from the straight academic program.

Many unusual opportunities and services have been made possible to the pupils of Milford High by the following organizations: Odd Fellows, Rotary, V. F. W., American Legion and American Legion Auxiliary, D. A. R., and the Cabinet Press.

We wish to thank you, the people of Milford, for your complete support of the schools which we have enjoyed. Especially do we wish to thank those people who are directly connected with our work, for their fine spirit of co-operation and service; these people being, Mr. Bowley, Superintendent of Schools, the school board, Mr. Jewett, treasurer, Mr. Tostevin, truant officer, Miss Rosi, school nurse, and our school janitors, Mr. Randall and Mr. Forsyth.

GEORGE H. CORSON,

(*First Annual Report*)

Principal.

*Milford
Elementary
School*

Mabel E. Connolly
Principal

In this, my second report to the people of Milford concerning their Elementary School, I should like to consider its improvements, accomplishments, needs, and problems.

Many Improvements

Since the last report there has been much improvement in the appearance of the interior of the building. Both corridors and front halls have received paint, with color schemes unusual and interesting. A much-needed teachers' room has been finished and attractively furnished. Besides serving as a brief sanctuary for the teachers it must, of necessity, also serve as a weekly and daily classroom. We have had several new audio-visual materials which are helping immeasurably in the teaching-learning process. The daylight screen may be used in the classroom without the need of darkening the room, and we now have available to us over 500 filmstrips. The tape recorder is proving a valuable means of teaching. Sturdy card tables are in constant use for exhibits and other display purposes. While the small playground is still a major problem this seems to be solved to a great degree by the addition of playground equipment, thanks to the P.T.A. which was responsible for its in-

stallation. Last, but not least, we are indebted to Mr. Grasso for the two loads of gravel which filled the mud holes under the swings. Without doubt, many mothers appreciated the gravel, too, as children and mud have a tendency to meet.

Teachers Improve

As a school may be no better than the teachers who carry out its fundamental aims and philosophy, it is with a great deal of satisfaction that I am able to report their continued efforts in behalf of each pupil. Guidance continues to be an integral part of the total school program, and teacher-growth is assured through summer school, workshops, extension courses, and other forms of in-service training. Within the past year these teachers have taken the following courses:

Mrs. Barnes, Mrs. Gagnon, Miss Young, Mrs. Haskell, Miss McGettigan, Miss Gogan, Mrs. Rebidue, Miss Clarkin — Creative Art in the Elementary School, Audio-Visual Aids.

Mrs. Brown, Mrs. Hagar — Creative Art in the Elementary School.

Miss Miller — Human Relations in the Classroom, Audio-Visual Aids, summer school courses.

Mrs. Vezina — Human Relations in the Classroom.

I doubt whether any school of this size in the state can show a better record of self-improvement of its teachers. The direct result of all this is improvement of instruction. During the past months the Milford Cabinet has published articles written by the teachers which, together, explain in detail the school program: its purposes, subjects, and relationships to the child. They should be commended for the excellence of these articles which show a background of successful teaching. At present, through a series of teachers' meetings, the possibilities of improved methods of reporting to parents are being explored. It is hoped that a new type of report card, satisfactory to parents, pupils, and teachers, will be developed; one which will describe more clearly the growth and progress of the child.

Hot Lunch

The hot lunch program has expanded to such a degree that it has been necessary to have two sittings for the elementary children. The first graders start eating at 11:15 and the second grade at 11:30. This is by no means a satisfactory solution, as the small children require much more time than the older ones, but in order to be ready for the second sitting at 11:50 there is a tendency to hurry the little ones. Also, there is not time enough to properly teach dining room behavior and other things that should normally be a part of the learning situation created by such a program. The one bright spot in the hot lunch program is the excellent and well-balanced meals prepared by Mrs. Moore and her staff.

A Space Problem

The inadequacy of either basement room as a school auditorium was rather forcibly brought to the attention of many parents during an Education Week program. Add to that problem the fact that much of the time both rooms are unavailable for either assembly or play purposes, it becomes understandable that more space is necessary. Even more urgent is the need for more classroom space. Each parent desires the teacher to consider his child as an individual, take a personal interest in him, and help bring about his maximum development as an individual and as a member of society. Indeed, it is the greatest desire of the teachers; but inasmuch as each child is different, with varying needs and abilities, the amount of attention and help his teacher may give him depends upon the number of children in the class. We have an excellent staff of teachers who have, at their own expense and on their own time, prepared themselves to teach your children according to the best methods yet developed. However, they are handicapped by large numbers of pupils, and will continue to be so until we can solve the problem of more classroom space and smaller groups of pupils. Since the sole reason for having school is for the children, they are the ones who are being cheated.

The health program continues to be successful with Miss Rosi available and concerned about the welfare of all children. She has been of assistance whenever needed, whether it might be individuals with physical or mental health problems or a classroom group desiring to learn from her, as a resource person, what our community health problems are.

The children's lives are enriched through music, supervised by Miss Wheeler, and art, taught by Mr. Doyon. It has been within the past year that the school has become art-conscious; first through the teachers' interest and now with the help of an expert. The reactions of the children to this program show the fulfillment of a long-felt need.

Possibly the greatest satisfactions as an educator, aside from helping in the growth and development of children, come from the encouragement and cooperation of the parents and friends of the school. We have been very fortunate in this respect, as evidenced by the many parents visiting school, by those who are concerned about our problems of large numbers and inadequate space, and by the many friendly and encouraging comments that have been made regarding our school program. Time has been generously given by those serving as resource persons, and those helping with field trips and other school activities. These community resources have been a major source of interest, inspiration, and enrichment. To these many friends, and to our superintendent and school board, for their untiring efforts in behalf of our children, we are deeply grateful.

MABEL I. CONNOLLY,
Principal, Elementary School.

Synopsis of March, 1952, Meeting

MARCH 8, 1952

The School District of Milford assembled at the Town Hall and at 8:00 p. m. were called to order by the Moderator, David Deans, Jr.

The Moderator read the warrant and then called upon Rev. Herbert E. Brockner of the Congregational Church, who offered prayer.

Article 1. David Deans, Jr. was re-elected Moderator for the ensuing year.

Article 2. A. Wallace Wilkins was re-elected Clerk for the ensuing year. Due to the illness of Mr. Wilkins, the Moderator appointed Mrs. Barbara Medlyn to act as Clerk Pro Tempore.

Article 3. Owen P. Fisk was re-elected a member of the School Board for the ensuing three years.

Article 4. Maurice G. Jewett was re-elected Treasurer for the ensuing year.

Article 5. On motion of Mr. Fisk, it was voted that we pass this Article and consider these items in the budget under Article 8.

Article 6. It was voted to accept the reports of the Auditors and Building Committee as printed in the School Report.

Article 7. Robert C. Campbell and Paul Rizzi were elected as Auditors for the School District.

Article 8. After the reading and explanation of the budget by Mr. Fisk, and upon his motion, it was voted that the district raise and appropriate the sum of \$167,028.63, which covers items 1-19, 25, 26 and 28 in the budget, for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. It was voted that the district raise and appropriate the sum of \$1,739.01 for insurance on school property.

Article 10. It was voted that the district raise and appropriate the sum of \$4,000 under this article to cover items 22 and 23 as presented in the budget. These items are for additions and improvements to buildings and for new equipment.

Article 11. It was voted that the district raise and appropriate the sum of \$500 under this article to be used for athletic and physical education equipment.

Article 12. On motion of Mr. Mead, it was voted that the Milford School District lease to the Milford Civic Club for the use and benefit of Milford Boy Scouts, the Laurel School Building at an annual rental of \$1.00 per year, subject to the following conditions:

1. That if at any time the school is needed for school purposes this arrangement may be terminated by notice from the School Board.
2. That the Boy Scouts shall keep the premises neat and in repair.

The previous motion was voted with an amendment by Mr. Ferguson resolving that the Civic Club assume all expenses pertaining to maintenance and protection of the building, and that alterations, if any, be approved by the School Board.

Article 13. On motion of Mr. Norwood, and after considerable discussion, it was voted that the Moderator appoint a committee of five to study the advisability of installing an automatic sprinkler system in the Milford High School. This committee to bring facts and figures to the 1953 school meeting, and to take action as they may deem necessary.

On motion of Mr. Grasso, it was voted that the Moderator appoint a committee of five to investigate the advisability of purchasing the Elliott Garage on Cottage Street for the School District and to make a report to the next meeting.

On motion of Mr. Silva, it was voted that the annual School Meeting in 1953 be held on the Saturday night preceding Town Meeting.

No further business appearing, it was voted to adjourn. Meeting adjourned at 9:03 p. m.

Respectfully submitted,

(MRS.) BARBARA B. MEDLYN,

Clerk Pro Tempore.

High School Sprinkler Committee

To the Milford School District:

Mr. Moderator: Your committee consisting of Gordon D. Dyson, Angelo J. Bernasconi, Edgar A. Norwood, Owen P. Fisk and myself as chairman, the same being appointed by you to work on the following motion: "That the Moderator appoint a committee of five to study the advisability of installing an automatic sprinkler system in the Milford High School. This committee to bring facts and figures to the 1953 School Meeting and to take such action as they may deem necessary."

We have met at various times during the last six months to study the advisability of installing said automatic sprinkler system, have secured facts and now present figures and our recommendations as to what action you should take on this motion.

We first met with insurance men and with them went over the High School building in its entirety, one of them measuring the building and later presenting to us an estimate of cost to equip with sprinklers so that we might have something to go by when we received estimates from the sprinkler companies.

We met with Mr. H. H. Holt to learn about the present insurance, if it needed to be changed if sprinklers are installed and if it would be a saving or not. We found that at present the building is insured for \$160,000 dollars and the contents for \$10,000 or a total of \$170,000; that the present rate paid is \$1.99 (for 5 years) and the cost is \$676.60 per year.

We also found that to get a lower rate by installing a sprinkler system the building would have to be insured for an estimated \$190,000 and the contents for an estimated \$50,000, making a total of \$240,000. This is an increased protection of \$70,000; that the rate would then be 81 cents for 5 years and the cost \$388.80 per year. This results in an estimated saving of \$287.70 per year.

We next contacted four companies who sell sprinkler systems and received replies from three, two of whom had someone come here to look the building over.

The representative of the Globe Company made the most accurate report for he went very carefully through the building taking exact measurements. spent the better part of a day here and later came back with a complete plan showing where sprinkler heads were to go, what had to be done and presented us with: "Two propositions for equipping the property with a Globe Automatic Sprinkler System, all work and material to meet the approval of the New Hampshire Board of Underwriters."

Proposition "A" is for a wet pipe system for \$12,750., but not included was a 6" supply from the water main, electric wiring and whatever redecorating might be necessary.

Proposition "B" is for a Dry Pipe system with the same things not included for \$13,850. We found that the redecorating will be in the vicinity of \$500, the 6" pipe connection \$600 and the electrical wiring \$100. This brings proposition "A" to \$13,950 and proposition "B" to \$15,000.

It appears to us that the wet system is the proper type for this building but that to have this system more work would have to be done to let heat into about four small areas now not heated so that the system would not freeze and although we did not secure a quotation of cost to do this, it will be of small cost. It appears to us at this time that the installation of a wet system can be installed for not over \$15,000.

Your committee has considered all of this information to the best of its ability, has weighed facts and conditions against other facts and conditions, argued at great length considering them and finally came up with this answer: We found that sprinklers would add at the most very little protection for the children for we are informed that the building can be emptied in about one minute; that it will take over fifty years for the savings in insurance to pay for the investment; that the building is isolated from other buildings, is of brick construction and located only a short distance from the fire station.

To sum all this up, we feel that from the rarity of a well cared-for building like this one burning, the age of the building, the amount covered by insurance, that few municipally owned buildings of like nature are equipped with sprinklers and that if it was economically feasible to so equip this building, then all or nearly all other town buildings should be so equipped. We also feel that it has been the long established principle of this and certainly most other towns to take a certain amount of a calculated risk which we believe, at least at this time, should be maintained.

Therefore, Mr. Moderator, we feel that we have made the study requested, have brought in facts and figures and do recommend to you and the Milford School District that the sprinklers BE NOT installed.

Respectfully submitted,

WILLIAM A. WHIPPLE, Chairman,
GORDON D. DYSON,
ANGELO J. BERNASCONI,
EDGAR A. NORWOOD,
OWEN P. FISK,

Committee on Sprinkler System
for the Milford High School.

Ace Garage Committee

(A Report to the Milford School District, February 9, 1953)

This committee was instructed by the March, 1952, school meeting to consider the feasibility of purchasing the Ace Construction Company garage on Cottage street.

After careful consideration of the matter, this committee is unanimous in its feeling that the purchase would be inadvisable.

We gave thought to four possibilities, should the garage be purchased by the school district: one, to convert it into a cafeteria for the hot lunch program which now occupies the entire basement of the elementary school building; two, to use it for recreation; three, to construct several classrooms on two floors and four, to tear it down to make more school yard.

In each of the first three, we feel the cost would be out of all proportion to the value to be received. In a broader view, this committee feels that the addition of one school unit is not the solution to Milford's school problem.

As for the final consideration, tearing the building down, we feel this would be highly expensive for the additional land to be gained.

The committee was impressed with the need for some sort of fence in the vicinity of the garage, to protect the children, and we feel a suitable fence should be erected under the supervision of the school board.

Respectfully submitted,

ELGIN F. BURTT, Chairman,
RAYMOND A. DYER,
DONALD K. McLEOD,
BRUCE N. JACKSON,
WILLIAM FERGUSON.

About The Cover

The two color cover used on this report would have been an expensive item had it not been for the kindness of the town of Plainville, Connecticut, which loaned Milford the color plate.

The Union Square picture was taken on a busy Saturday afternoon just before Christmas. Mrs. Bernice B. Perry climbed to the top of the Peter Carol apartment building to get an unusual vantage point from which to photograph the very heart of Milford.
